

Yusuf Moosa Rawat

South African Citizen | 📍 Sandton | Availability: Immediate | Open to Relocation

Contact: 066 210 1413 | AgenticAI54@gmail.com

Professional Profile

A Strategic AI Specialist and former Associate Vice President (ABSA) with 12+ years of experience bridging the gap between Enterprise Strategy and Advanced Technical Execution.

Possesses deeply specialized expertise in **Agentic AI** and **Autonomous Systems**, backed by **Honors-level Data Science** distinctions (94% in Data Communication, 90% in Big Data).

Expert in translating complex mathematical models into operational business value, having delivered **R8M+ in recurring savings** at Sanlam and built BI functions from scratch for major banking institutions.

Currently seeking a hands-on role to apply advanced "Generalist" problem-solving in a complex technical environment.

Core Competencies

Competency Area	Skills and Technologies
Agentic AI & Automation	Google Antigravity, Autonomous Workflows, LLM Integration, Amazon Bedrock, LoRa-based AI Networks
Enterprise Data Strategy	BI Governance, AWS Solutions Architecture, Capacity Management, Regulatory Compliance
Technical Stack	Python (NLP, Regression, API Integration), SQL, Qlik Sense, AWS (Redshift, S3, VPC), Power BI

Competency Area	Skills and Technologies
Strategic Leadership	Stakeholder Management (MANCO level), Cost Optimization Models, Cross-Functional Team Leadership

Professional Experience

Agentic AI 54 (Independent Research & Consulting)

Principal AI Architect | 2024 – Present

Established an independent research lab to develop next-generation Agentic AI workflows and enterprise automation strategies.

- **Agentic Development:** Built autonomous knowledge retrieval systems using Google Antigravity and Large Language Models (LLMs) to bridge local-host environments with cloud infrastructure.
- **Innovation Projects:** Developed "Project Echo Mind" (Cognitive Augmentation) and a LoRa-based "AI for Township" network to deliver offline AI services <R1000/node.
- **Strategic Consulting:** Advised SMEs on transitioning from legacy operational models to AI-augmented decision frameworks.

ABSA Bank Head Office

Manager: Business Enablement (Associate VP) | 2020 – 2023

Led the Business Intelligence & Analytics function for Finance, delivering insights for two-thirds of the ABSA Group.

- **Innovation Award Winner (2022):** Developed a custom **Python API integration** between JIRA and Qlik Sense, automating real-time tracking and eliminating manual reporting overhead.
- **Strategic Governance:** Designed and implemented BI policies and governance frameworks, securing full regulatory approval from MANCO.
- **Team Building:** Built the analytics team from the ground up, hiring top talent and implementing AI-powered reporting solutions for financial models (Income Statement, Balance Sheet).

South African Reserve Bank (SARB) / Mettus (Contract)

Technical Lead Solution Architect | 2023

- **Data Ecosystem Evaluation:** Audited the AWS Data Ecosystem to optimize data quality and compliance.
- **AI Governance:** Designed scorecard evaluations for 20+ Data Quality tools, aligning technical capabilities with enterprise budget and governance requirements.

FNB Bank

Senior Developer & BI Team Leader | 2018 – 2020

- **Risk Modeling:** Developed AI-driven risk models for mortgage transactions within the Home Loan Division.
- **Architecture Modernization:** Led the Qlik Sense Proof of Concept (POC) to modernize legacy BI infrastructure.

Sanlam Head Office

Data Management Analyst | 2010 – 2016

- **Cost Optimization:** Developed a real-time Capacity Management System that identified inefficiencies, leading to **R8M+ in annual recurring savings**.
- **Infrastructure Strategy:** Led an 18-month IT capacity forecast to align technical infrastructure with long-term budgeting.

Education & Certifications

Bachelor of Science Honours in Information Technology (Data Science)

Eduvos (2021)

- **Status:** Completed core technical modules; elected to focus on industry implementation over final dissertation submission.
- **Distinctions:**
 - Communication in Data Science: **94%**
 - Big Data Analytic Techniques: **90%** (Top Achiever)
 - Research Methodology: **75%** (Top Achiever)

Bachelor of Commerce (Information Systems & Technology, Management)

University of KwaZulu-Natal (2005-2008)

Professional Certifications

- AWS Certified Solutions Architect – Associate
- Qlik Sense Data Architect Certified
- Trifacta Certified Wrangler (Data Engineering)
- AWS Well-Architected Proficient
- ITIL version 3 Foundation
